Location of proposed development:		
House no.:	Lot no.:	Street:
Town/Suburb:		
Section no.:	Hundred:	
Volume:	Folio:	

Nature of proposed development:

I: _____ declare that _____

Option 1

- The proposed development will not or would not involve the clearance of Native Vegetation under the *Native Vegetation Act 1991*.

Please note, a Data Report is required if any of the following apply:

- native vegetation is within 10 metres of the proposed building; or
- native vegetation is within 20 metres of the proposed dwelling or addition to an existing dwelling for fire prevention and control; or
- native vegetation is within 50 metres of the proposed residential or tourist accommodation in connection with a requirement under a relevant overlay to establish an asset protection zone in a bushfire prone area; or
- native vegetation is impacted where establishing a relevant access point and/or driveway.

The Data Report is required to be uploaded to the PlanSA portal and Option 3 should be selected.

Option 2

- No native vegetation clearance under the *Native Vegetation Act 1991* will be required as a result of the division of land.

Please note, do not select this option unless it can be demonstrated that the subsequent development and/or use of the resultant allotments for their intended purposes will not require native vegetation clearance. This includes for any of the following: dwelling (house) footprint, driveway, ancillary structures (sheds, carports), fencelines etc. Where the resultant allotments require subsequent native vegetation clearance, a Data Report is required to be uploaded to the PlanSA portal and Option 3 should be selected.

Option 3

- The application is supported by a Data Report that establishes clearance is categorised as 'Level 1, 2, 3, or 4 clearance'. For more information on the level of clearance, please refer to the [NVC Risk Assessment Fact Sheet](#). The report is to be prepared by a [NVC Accredited Consultant](#) in accordance with Regulation 18(2)(a) of the *Native Vegetation Regulations 2017*. Please upload the Data Report to the PlanSA portal.
